EVERYDAY USE THAT LASTS A LIFETIME!

Trusted for generations and designed for everyday use, Tupperware products have passed stringent tests and are built to last. They are quality products that are food-grade safe, which is integral to family health.

Tupperware products are designed to be used repeatedly and come with a lifetime guarantee. So every time you use a Tupperware product, rest assured that no unnecessary plastic dump is added to the environment.

Tupperware-designed to inspire

World Standards

All Tupperware products are made from safe, non-toxic, non-carcinogenic materials, thus they do not release harmful chemicals into food or liquid contents. What it means is that you can use them with peace of mind, every time!

Innovative Design

Tupperware products are designed to inspire. Unlike ordinary plastic products, many Tupperware products have won awards worldwide such as Industrial Design Excellence Awards, reddot design award & numerous others.

Colour Safe

One can enjoy the attractiveness of Tupperware products in fabulous, trendy colours and be assured that colourants used are all food safe.

Microwave Safe

Where Tupperware products are indicated for microwave use, Tupperware uses material strictly meant for microwave use only.

Top Quality and Finishing

All products have passed stringent tests and are built to last. Tupperware's design and smooth finishing make its products a delight to hold and use for any occasion.

Environment Friendly

Tupperware plays its role in saving Mother Earth from further pollution and degradation as its products are designed for long term use unlike plastic bags and bottles which are not for repeated use.

Tupperware as a company believes in empowering women. Tupperware connects with all women and creates friendship which is life changing for many. Embracing the Tupperware opportunity not only makes them financially independent but also leads to building self-esteem and confidence.

Tupperware is encouraging women everywhere to celebrate the immeasurable rewards of female friendship through a new campaign, Chain of Confidence. A campaign that believes in providing opportunity to young girls and women all across the globe.

The Chain of Confidence is a campaign which reflects Tupperware's commitment towards making a difference and changing one life every week through enlightening, educating and empowering women across various walks of life.

Clear 'n' Pure

Clear 'n' Pure range is made of polycarbonate, which is virtually unbreakable, light weight, refrigerator safe and can be used for reheating in microwave (without seal). However, the Eleganzia Bowls are not recommended for use in microwave.

CORN PUDDING

Serves	4
Fresh corn kernels	1 cup
Milk	600ml
Butter	50gms
Sugar	100 gms / 1cup
Cinnamon powder	1/2 tsp

Method:
Mix the corn and milk and make into a fine puree. Strain through a fine muslin cloth. Strain the corn/milk mixture through a fine mesh sieve into a pot. Discard the fibrous parts of the kernels that remain in the sieve. Take a thick bottom pan add the milk mixture, butter and

sugar. Bring to a boil and keep stirring on a low flame. Cook till it becomes thick like custard and should be able to see the bottom of the pan while stirring. Remove from the stove and add cinnamon powder. Quickly pour in small moulds or cups. Allow it to cool and then refrigerate till chilled. Serve cold.

Dry Storage

Tupperware's Modular Mates are designed to organise your kitchen for space and convenience, while ensuring that your food stays fresh. Over a prolonged period of time, cereals and pulses tend to face deterioration from infestation and molding. The Modular Mates prevent this and keep cereals and pulses fresh.

- 101 **Modular Mates Oval #1**, 500 ml. ₹ 215/-
- 102 **Modular Mates Oval #2**, 1.1 ltr. ₹ 345/-
- 103 **Modular Mates Oval #3**, 1.7 ltr. ₹ 395/-
- 104 **Modular Mates Round #1**, 200 ml. ₹ 120/-
- 105 **Modular Mates Round #2**, 440 ml. ₹ 235/-
- 106 **Modular Mates Super Oval #1**, 900 ml. ₹ 345/-
- 107 **Modular Mates Super Oval #2**, 1.8 ltr. ₹ 405/-
- 304 **Modular Sticker** ₹ 10/-

Organise and Relax

Save Space: The unique stackable design helps utilise space in the kitchen cupboards to the maximum.

Save Time: Tabs on the Modular Mates help in easy removal of seals while the clear windows on the sides help identify food quickly.

Save Money: Buy larger, economical packs of food and keep them fresh for longer.

When it's time to organise your kitchen, Tupperware Modular Mates has the answers!

Canisters

A versatile collection of kitchen and storage essentials. These canisters with virtually airtight and liquid tight seals are perfect for storage. Now you can buy in bulk and keep everything fresh for longer.

KHANDVI

Serves	6
Gram flour	3/4 cup
Buttermilk	1.5 cups
Turmeric	1/4th tsp
Mustard seed	1 tbsp
Sesame seed	1 tbsp
Chilli red whole (dry)	2 (medium size)
Chilli green	2 (medium size)
Curry leaves	10 leaves (small)
Vegetable oil	half cup
Coconut	2 tbsp (grated)
Coriander green	1 tbsp (chopped)

Method:
Sieve the flour with butter milk, turmeric and salt to make a smooth batter of flowing consistency. Transfer the batter into a thick bottom pan and heat on a low flame, stirring constantly so that lumps do not form. Keep stirring till the batter becomes thick. Taste the batter to see if the gram flour is cooked. Grease the

reverse side of 3 or 4 thalis and spread the mixture as thinly as possible with the back of a ladle on the greased surface while the batter is still hot. Roll up carefully like a Swiss roll. Cut 25 mm. (1") pieces out of each big roll to get bite-sized khandvis. Place these on a serving dish. To prepare the tempering, heat the oil and add

they start to crackle, add broken red chillies and stir for a few seconds. Add sesame seeds and stir on slow fire until they start turning light brown. Add curry leaves and green chillies, stir for 10 seconds and pour over the khandvis. Serve with a garnishing of coriander and coconut.

Microwave

Cooking in the microwave using Tupperware is beneficial:

- **Nutrient Retention:** Vitamins and minerals are preserved since food's exposure to heat and water is short.
- **Natural Flavours and Texture:** Food is cooked in its own moisture and hence the natural flavours and texture is retained.
- **Weight Watcher's Delight:** Use of less fat and therefore food is lighter.
- **Energy Saving:** Food gets cooked in about 1/4th of the time required as on a gas burner.

DHOLLPURI

Serves	10
Yellow split peas, soaked in water overnight	500 g
Turmeric powder	1 tbsp
Cumin seeds	1 tbsp
Plain flour	2 kg
Warm water	800 ml
Vegetable oil	100 ml
Salt and pepper to taste	

Method:

Toast cumin seeds in a hot pan. Grind to a powder in a spice grinder or mortar and pestle. Strain and rinse soaked split peas. Cook in fresh water until just tender. Strain and blend to a paste with ground cumin seeds. Place flour, turmeric and 2 pinches salt in a stainless steel bowl and mix well. Add warm water and mix to form smooth dough. Cover dough with a damp cloth for 20 to 30 minutes. Form dough into 60g balls, make an indent in the centre

and stuff with split pea and cumin mixture. Seal dough around filling. Roll dough out as thinly as possible into rounds on floured surface. Brush nonstick pan with oil and cook over high heat for approximately 2 minutes. Brush top of puris with a little more oil, flip and cook on other side for another 2 minutes. Serve with curry, vegetable pickle and coriander chutney.

Caring for your Tupperware

Tupperware products are tested to ensure that they are a safe, non-toxic, attractive and durable alternative to other home storage products. With a little care, you can keep your Tupperware looking as good as new.

- **Cleaning and Storing:** Wash and rinse Tupperware with liquid soap and lukewarm water. Store without seals to keep them fresh. Do not soak polycarbonate range in detergent or soap.
- **Hot food and Beverages:** Cool beverages before applying the seal. Cool hot food or liquids containing fat (cooking oil/grease, curries, soups, sauces) before placing them in the container. Tupperware containers can withstand temperatures upto 80° C.
- **Tight Seals:** Place the seal in warm water for few minutes. Dry thoroughly, then apply to container while still warm.
- **Stain Removal:** Use baking soda paste; it's ideal for reducing stains and stickiness.
- **Preventing Cuts and Scratches:** Avoid the use of abrasive scrubbers and washing powders.
- **Removing Unpleasant Odours:** A piece of charcoal or moist newspaper, stuffed into the container and left sealed for 12 hours in the fridge, before washing and rinsing the product thoroughly, should get rid of unpleasant odours.
- **Liquid Storage:** Only products with Classic Round Seal are liquid-tight and can be kept in any position. Place containers with any other type of seal in upright position.

Lifetime Guarantee

Tupperware products come with a lifetime guarantee. Most Tupperware products are guaranteed to perform under normal domestic use for the lifetime of the product.

The only products not covered by the lifetime guarantee are those few items which come under quality guarantee with the "Q" symbol-these products. However they are still guaranteed to be free of manufacturing defects. Current products under this category are Vegetable Peeler, Ice cream Scoop, Kit bags, water dispenser tap, etc.

Covered:

- Manufacturing quality issues like warping, cracking, peeling, splitting and any specific functional issues in normal non-commercial use are covered by lifetime guarantee.
- Melamine products are covered for a guarantee of 7 years only.

Not covered:

- Product handling and usage issues like scratching, staining, melting on exposure to hot plate or excess heat burning, blistering in microwave, impact damage by knocking/hitting by hard objects, rusting, insect bite/dust/mite.
- Breakage of products due to mishandling or accidental drop on the floor. Decorative printing, scale, printing, bags, straps, pouches, etc. are not covered by lifetime guarantee.

How to use your Tupperware Seals

MODULAR MATES
To seal: Align projection on Seal with indentation on container, press seal groove over container. Press and slide thumbs around.
To open: Loosen each end; slide thumbs under the seal as you lift.

MICROWAVE SEAL
To reheat: Open Steam Release Cap and use in microwave for 3 minutes.
To store: Closing the Steam Release Cap ensures an airtight container for storing in the refrigerator
To open: Hold container in place, lift tab and peel-off Seal.

BREATHING SEAL
To seal: Place Seal groove over container rim. Press down on one corner. Slide thumbs over top of Seal edge to opposite corners.
To open: Lift Seal at one corner. Then lift other three corners, one at a time.

CLASSIC ROUND SEAL
To seal: With hands close to you, press Seal groove over container and move thumbs and fingers around top to the Seal edge. Press center to seal and lift tab slightly to expel air.
To open: Hold container in place, lift tab and peel-off seal.

INSTANT SEAL
To seal: Place Seal groove over container rim. Press center to seal firmly with thumb.
To open: While pressing center with thumb, place finger tips under Seal edge, lift and remove.
